

The ultimate patient's guide to
CLEAR ALIGNERS

THE CLEAR, TEETH-STRAIGHTENING SOLUTION

Clear aligners such as Spark and Invisalign® uses a series of 3D computer-generated transparent plastic aligners custom-made to gradually and gently create your smile.

VS.

CLEAR ALIGNERS

Easily removable for eating and events

Easy to keep teeth clean and healthy

Virtually invisible

Eat anything you like

Pain free, less accidents and appointments

TRADITIONAL BRACES

Permanent until removed

No popcorn, gum, lollies, chips

Hiding your smile

Sharp brackets, mouth sores, pressure

Hard to keep teeth clean and healthy

HOW IT WORKS

Aligners are changed every 2 weeks.

Average treatment usually takes 1-2 years (18-36 aligners).

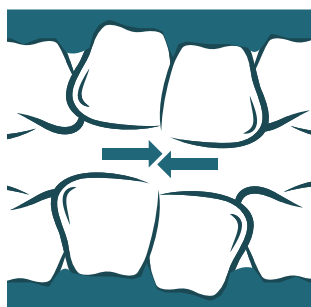

Aligners must be worn at least 22 hours per day for optimal results.

Average cost ranges from \$3600-\$7900, similar to traditional metal braces.
